BULLETPROOF BACKPACKS

LEATHERBACK TACTICAL ONE

WEIGHT: 6 LBS 3 OZ | H X W X D: 20.5" X 15" X 9.5"

The backpack is a well designed, highly functional and yet sophisticated design. The hidden armor panels and separation zipper allows the wearer to transform the backpack in seconds into a full torso ballistic protection device. The ballistic rating of our armor allows the wearer to stop up to a .44 magnum round. However, the user can customize their level of ballistic stopping power by adding contents to their backpacks: e.g., laptop, tablets, textbooks/books, etc

AVAILABLE COLORS: BLACK | GRAY | TAN

FEATURES

- 01. Converts into a protective vest with 2 soft armor panels for torso protection, both front & back!
- 02. Laptop & Tablet storage compartments
- 03. Water resistant fabric
- 04. Zippers are covered with fabric protection
- 05. Two Bulletproof soft armor panels with NIJ threat level protection IIIA
- 06. Armor panel pockets allow for secure storage of armor
- 07. Heavy duty internal velcro & nylon strapping system All safety-related features are readily identifiable via our red colored tabs and threads

- 18. Separation zipper transforms backpack into soft body armor for torso
- 19. Hidden pockets in middle for concealing items
- 20. Name card in hidden pocket allows for name, in case of emergency, allergies, etc. to be listed
- 21. In a crisis (i.e., active shooting, etc.) the backpack keeps all contents in place
- 22. Numerous points to connect military type name for easy identification

FREQUENTLY ASKED QUESTIONS

IS LEATHERBACK GEAR MADE IN THE U.S.A.?

All Leatherback Gear is designed and engineered within the United States of America and always will be! Our armor is manufactured in Southern California while our backpacks are manufactured by one of our select supply partners around the world. However, they are fully assembled here in Southern California to meet our rigorous standards for quality and performance.

CAN I TRAVEL ON THE PLANE WITH MY BAG?

We have had numerous inquiries regarding traveling through TSA and airport security with your backpack.. The answer is yes you can! TSA allows travelers to carry soft body armor, the same protection built into every Leatherback Gear backpack. TSA has a list of items that are prohibited from flying although body armor is not one of the prohibited item. You may take body armor with you in one of two ways: inside your checked baggage and/or carry-on baggage. Copied to the right please find a screenshot from the TSA website regarding their Body Armor Policy.

DO YOU MAKE A CHILD SIZE BACKPACK?

We currently are designing a CHILD ONE backpack (containing two 9" x 12" soft armor panels) that would be age appropriate for pre-teenage youth. Our CIVILIAN ONE backpack including both soft armor panels (each soft armor panel weighs 1.2 pounds) has a total weight of 5.2 pounds. The backpack dimension are 19.5" height x 13.5" wide x 7.5" deep. Our CIVILIAN ONE was originally designed for adults, including college and high school age appropriate (including teenage years). Depending on the age and size of your child that may work, or it may not.

CAN LEATHERBACK BAGS STOP RIFLE ROUNDS?

No, the current versions of our bags include NIJ IIIA level armor rated to stop up to a .44 caliber round. Keep in mind our bags include two panels and you have to factor in the stopping power of other items within the bag ie; textbooks, laptops, tablets. Leatherbackgear Armor rated at level IIIA will protect the wearer against nearly all handgun rounds up to .44 magnum, including 9mm submachine gun rounds, and even 12 gauge shotgun slugs. To be rated level IIIA, armor must protect the wearer from .44 magnum with a mass of 240 grains and a velocity of 1340 ft./s.

SOFT ARMOR PANEL LIFESPAN

All soft body armor has a limited lifespan due to the natural degradation of ballistic materials over time. Leatherback Gear™ soft armor panels have a 5-year lifespan with a full manufacturer warranty, guaranteeing the ballistic panels from defect during the entire lifespan of every vest produced.

IS IT LEGAL TO OWN BODY ARMOR?

Body armor is legal in all 50 states for law-abiding citizens. As a US citizen or resident of the US you have the right to protect yourself. You have the right to own a bulletproof vest. However, that right to own a bulletproof vest is automatically taken away if you commit a violent crime. The James Guelff and Chris McCurley Body Armor Act of 2002 stipulates that no person previously convicted of a violent crime may purchase, own or possess body armor. If you have been convicted of a violent felony, you cannot own a bulletproof vest of any kind.

60 MONTH WARRANTY + INCIDENT GUARANTEE

Leatherback Gear™ provides a 5-year manufacturer warranty on all ballistic panels and a 5 year warranty on all of its backpacks. Should your Leatherback Gear™ backpack/body armor save your life, we promise to replace your backpack and armor at no cost. Simply send us your body armor accompanied by an official incident or police report.
